Smile Jesus Loves You Have a Happy Day forever

Jill
 even though we
 haven't had that good
 of a year (usually hoping
 that next year we can have
 more fun and not argue so much)
 Jill I hope we can be good as
 friends next year and stay as
 loud mouthy as you are cuz your
 funnier that way. Have alot
 the summer and I hope I see you. Don't get
 so mad ab little things and control your
 temper.
 I HAVE FUN IN '77"
 see you then or in the summer.
 LOVE YA
 DEANNA

Jill
 Good luck

Mrs. Dorothy Campbell has been with Banning High School for 22 years beginning in September, 1953, as the attendance clerk. Here, she familiarized herself with the names and faces of all the students. Later she became secretary to the Principal which is her present position.

Besides bringing up her two children, who both graduated from Banning High School, she has also "raised" many young people through the years who now have their children attending Banning High.

Even though many employees of Banning High School should have a part of this honor, Mrs. Campbell is recognized as one who is most deserving, hardworking, and dependable. To show our appreciation for all these things, we dedicate the 1976 SAN GORGONIAN to Mrs. Campbell.

Banning didn't
exist in 1776

I'll
your a
nice girl
sometimes keep
up the good work
and all see your
in band next year

CLASS
of
'76

"What is a Senior?"

During the fourth year of each person's high school education a phenomenon occurs. They are restless, bored and wanting to go on with life. They are between Coming and Going. They are trying to be high school students, sometimes, and adults at other times. They are about to be kicked out of the nest. It is hard being a Senior. It's leaving a childhood, in fact, a whole life behind. A place you know, people you love, will all be left behind. Then there's a path ahead that is so enticing it becomes frightening. It is just Coming and Going.

THE GRADUATING

ISTRATION

CLASS OF 1976

Senior

Personalities

1. Most Athletic

Joe Johnson, who has participated in almost all sports from football to basketball, makes a champion appearance in all. Joe started the year off by winning the Press-Enterprise Riverside County Prep Player of the Week Award. Madrienne Anderson made history in Banning High's sport program. She was the first girl ever to join the track team and went a step further by winning awards.

2. Best Dressed

Roger Campbell in one of those people you know you have seen before - probably in ESQUIRE. Debbie Lewis, who's middle name is "up-to-date," can surely show pride in her appearance.

3. Most Likely To Succeed

Don Smith has earned outstanding grades in every class he takes. He doesn't limit himself educationally since he is taking classes ranging from Physics to Calculus. Lorraine Minobe displays a constant 4.0 average and makes full use of the advanced classes Banning High has to offer.

4. Biggest Flirt

Matthew Lay is known as the Casanova king and knows most girls before they know him. He's known all around as a top maneuverer. Debbie Ring seems to have the power to be in more than one place at a time with different guys (usually good looking ones). She truly has a terrific personality which aids her in her "work."

5. Most Talkative

Brian Lea was rewarded for his gift of communication by winning a radio contest. He believes many things can be gained through excessive conversation. Myrle Petty has been known to carry on a solo debate. She has really earned her title as most talkative female student.

6. Most Spirited

Everett Cullors displays the strong Bronco spirit we all wish we had. Besides that, he is involved tremendously in school functions. Becky Cockron, one of our cheerleaders for the past three years, is now the Commissioner of Pep and is still exhibiting the same buoyant spirit.

SENIOR PERSONALITIES

Gill,

You're really a
nice person. I'm glad
I've gotten to know you.

I wish you the best
of luck in the future.

Keep up Rainbow and
I see you there. Since I
won't at school anymore.
We've had a lot of fun
in the parades we've been
in. Good luck Next

Year. Love
Laurie

Senior Personalities

1. Best Sense of Humor

Cecil Treadway seems to have a humorous comment ready for anything that might come along. Laurie Goodman has a giggle that is frequently heard echoing throughout the halls of Banning High.

2. Biggest Nuts

Kevin Taylor will do just about anything to get a few laughs. His uninhibited attitude makes him a truly open person. Linda Kerr has all the zaniness of Woody Allen with a mixture of her own craziness, which makes her the kind of person everybody enjoys.

3. Shyest

Albert Grafsky has survived the whole four years at Banning High School. However, some people claim to have heard him speak before while others say he is on a vow of silence. Leslie Moe was voted most quiet girl in the school band last year, and since has continued her career to the shyest in Banning High.

4. Best All Around

Chris Strader has been involved in everything from football to student council. He is a friendly person with a lot of school spirit which he displays through his involvement. Diane Collins has been a cheerleader throughout her high school career. She has also been on student council. If there is a school function, you are sure to see her near.

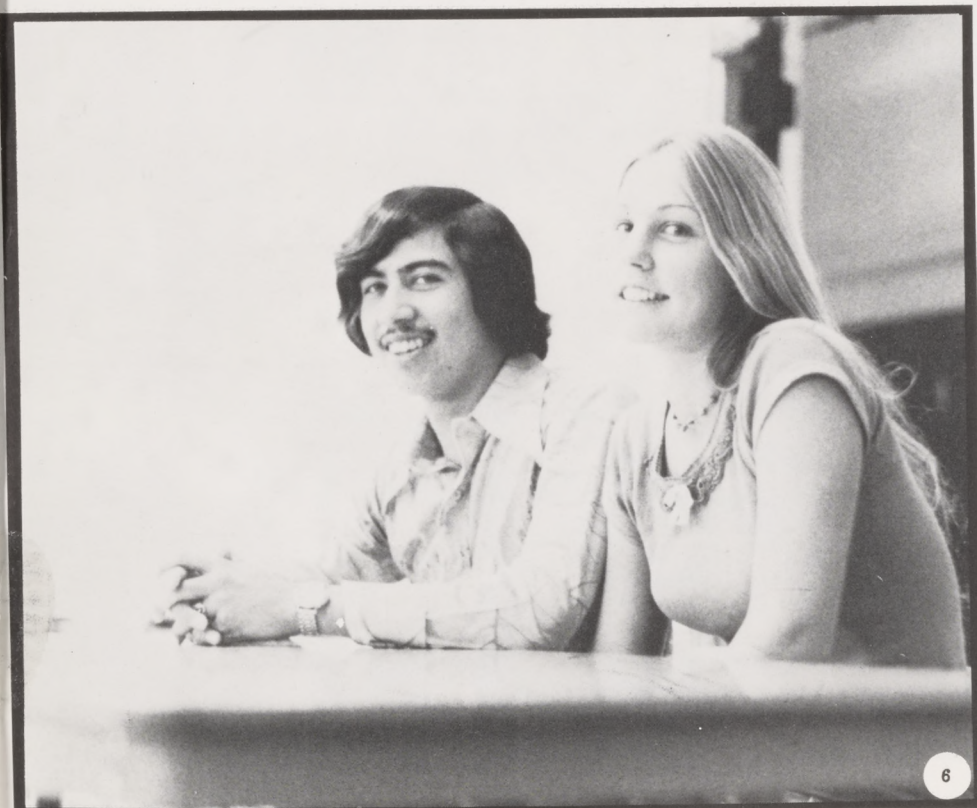

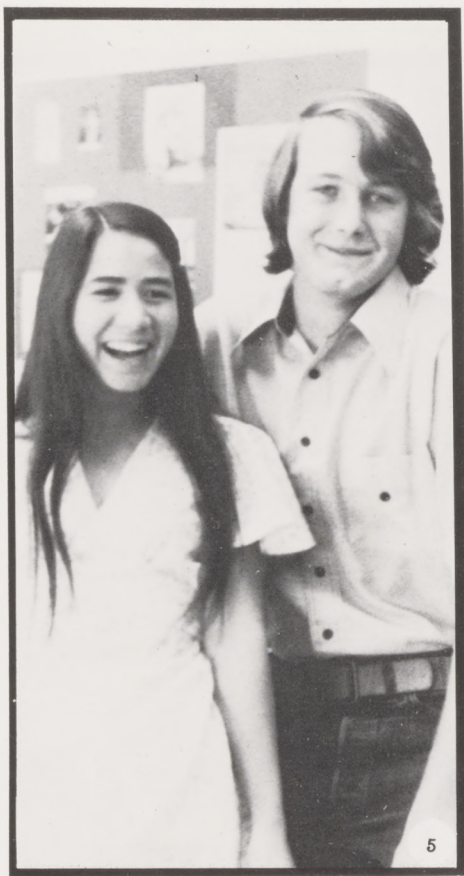

5. Most Friendly

Steve Risvold consistently exhibits a true friendly manner to whoever crosses his path. Patty Fall is always there, just waiting for a chance to develop a new friendship. She always exudes a friendly aura.

6. Cutest

Julian Quinones has herded his own special flock of female felines. He has a face that attracts the opposite sex. Clare Rubel, a new student at Banning High, ran for Miss Banning this year. She is now Banning's Miss Fire Department.

LAUGHING AND CRYING

girl,

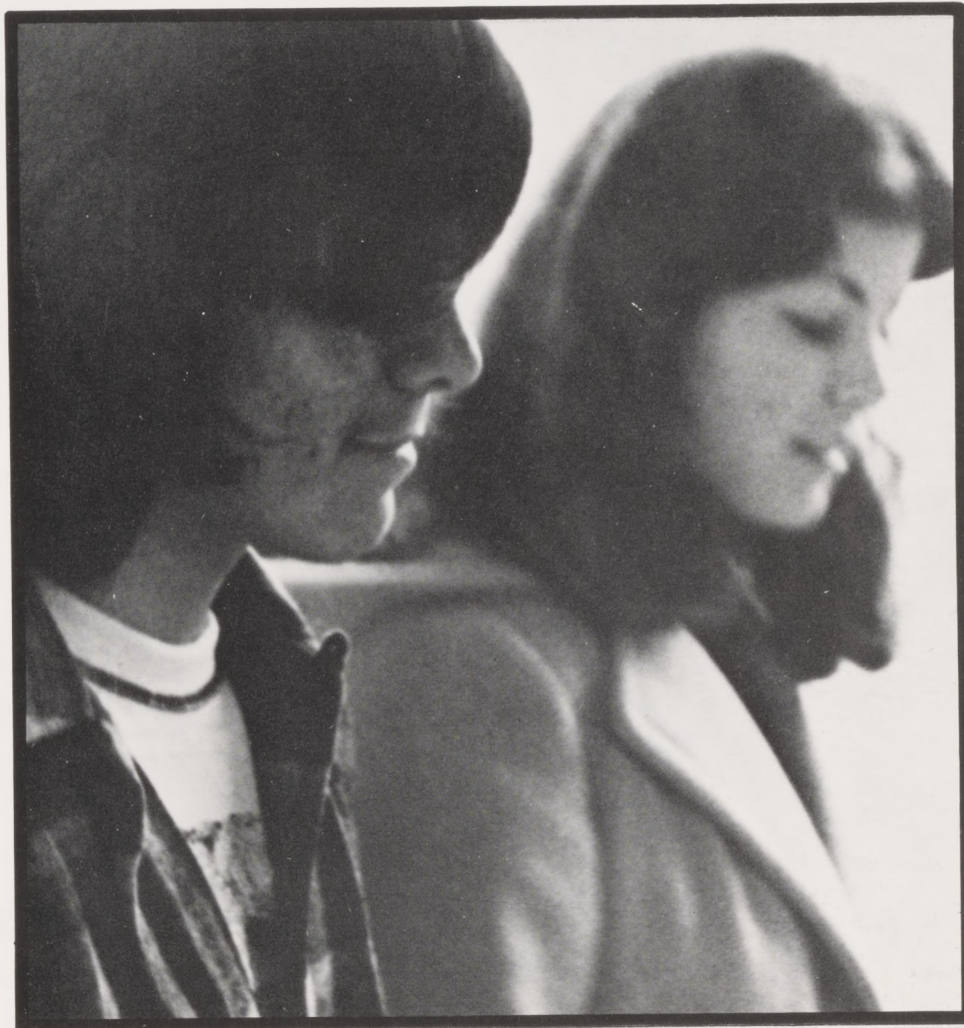

Thanks for all the fun this year. You're really neat and
I'm glad we became closer this year. Over the
summer we'll have to get together. When I
get my license and (?) maybe we can go cruising.
I'll see you at San Jac. Smile and always
remember God loves you.

What Is An Underclassman?

See
"mitchell" Herod

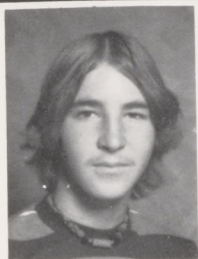

Three years of high school are considered preparatory to the fourth and final year. These three years can be considered the worst and the best of a person's (still meager) lifetime. These years are full of dreams and laughter, of hopes yet to be fulfilled, with the hurt of growing up and losing the innocence of childhood. The first love, passing biology, going to all the football games, and wondering what it will be like to be a senior and not have another Bronco football season to look forward to - these are the problems faced in the first three years of high school. It's exciting to grow up, to feel new feelings, to see new people, to be an underclassman. It is just laughing and crying.

girl,
you're the crazy girl!!
We really had fun in
P.E., huh? You're really
sweet, stay that way.
Love,
Cindy

WHAT ARE ATHLETES?

They carry the school name, make you proud you're from
 Banning. They can be comedians and make you laugh.
 They'll run 95 yards for a touchdown and make you cry with
 joy. They can get socked in the numbers and come down
 hard - they'll hurt for you, the spectators. They'll strain
 every muscle they have to win, to score 2 points, to hit the
 tape first, to just go through a routine. They love it. It's all
 pride. It's just winning and losing.

Well, it's really been
 a fun year this year
 Hope you have fun this
 next year and this
 summer, see you
 around.
 Love Betty

1. Team Managers: Alvin Strange, Wes Cogbill, and Don Wilson.

The 1975-76 Banning Broncos Football Team was a team of much success. Coming off a 4-5 season, last year, the Broncos managed to reverse that record to 5-4-1 and to earn second place in the De Anza League, also receiving a spot in the C.I.F. play-offs. Although losing a heartbraking C.I.F. game to Needles High in the playoffs, the '75-'76 Broncos were a surprise team.

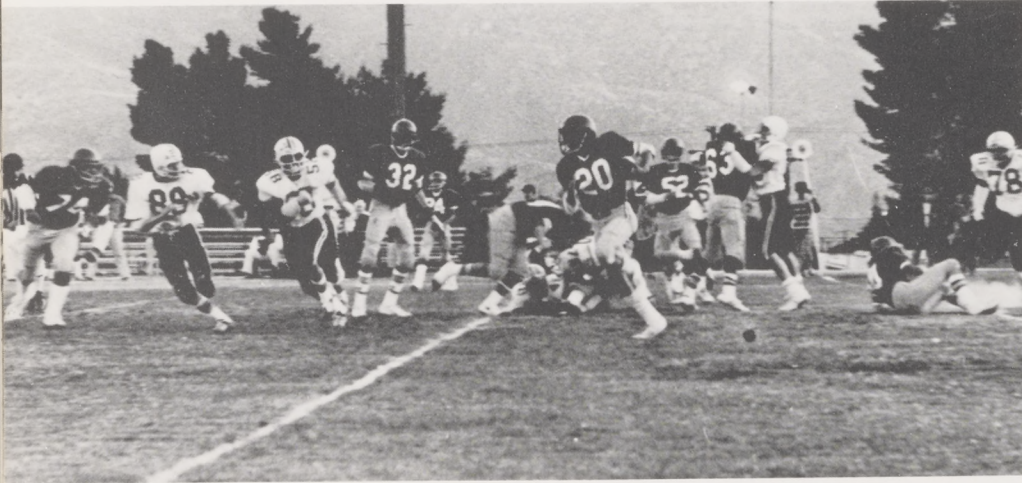

Dropping the first two non-league games to Norte Viste and Palo Verde, the broncos managed to run off 5 straight victories in league games until the league showdown with 29 Palms High. Although the Broncos didn't salvage a victory, it was a hard fought game losing 28-14. 29 Palms was the No. 1 ranked team in C.I.F. After that loss, the Broncos could only come up with a 0-0 tie with crosstown rival Beaumont High. All in all, it was a good year for the Broncos.

The Banning Bronco Basketball team of 1976 was one of several disappointments. Although having a tough pre-season, the Banning Broncos managed a 7-7 league record. The Broncos lost several tough games to Elsinore and Perris, the league leaders. The Broncos played exciting basketball but they couldn't pull out the close ones.

Although they were the class 1-A CIF Champions last year, the Broncos will not be able to defend their title because they finished fourth in the De Anza league and did not receive a CIF playoff berth.

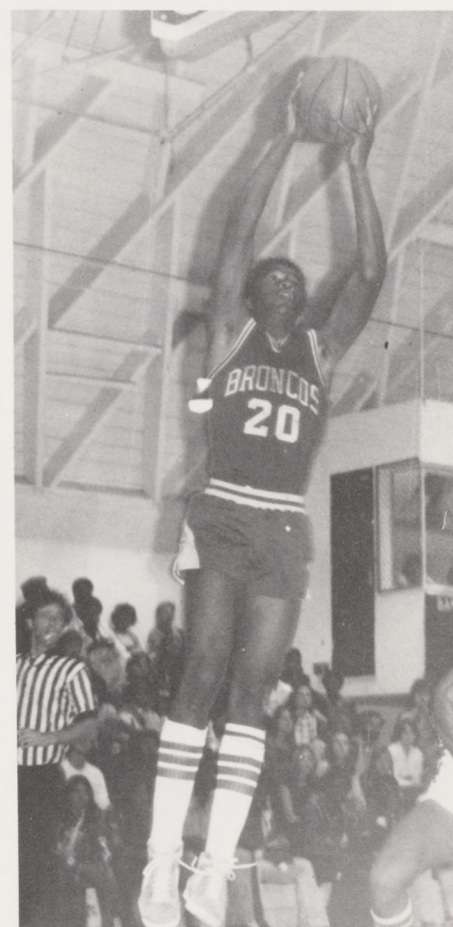

The Broncos are looking for a good season next year with several returning letterman (juniors) and a league championship J.V. team.

The Banning Varsity Baseball team is looking forward to going to C.I.F. The whole team is returning this year, and we have several things in our favor. Banning's 1974-1975 team was good for a team of underclassmen, but that was last year. This year, the year of 1976, the Banning High Baseball team will be one of the best in the league.

Cross Country

In the past years at Banning, Cross Country was unknown, rarely understood, and never a threat in the league. Nineteen-Seventy Five proved to be the year of awakening as Banning fought hard in the league to win the coveted De Anza League Championship. Sporting a 5-1 league record that the runners acquired by running 2 mile courses over hill, fire trails, and sandy rivers, our Broncos were honored with a 7th place C.I.F. ranking at season's end. Running over 300 miles during the season prepared our runners for their greatest test, the C.I.F. competition. Finishing 9th at the finals ended a season never to be forgotten.

The 1976 track season is expected to be a closely contested exciting event. Our Broncos figure to be a team to contend with for the De Anza League Title. The team, composed of several returning lettermen, and strengthened by new team members, is expected to lead an assault on many school records. The squad hopes to further improve on last year's 3rd place league finish and successful lowering of 7 school records. Several runners should advance to C.I.F. competition this year with their goal the State Championship at Berkley.

WHAT ARE ACTIVITIES?

Almost everyone belongs to a club, be it C.S.F. or Stampede. Some are clubs that contribute valuable interests to the school. They all have their yearly duties, their annual routines. Choir and Girls' Glee put on "Sip-n-Sing". C.S.F. always goes to the Ahmanson. Seniors always have a breakfast. It's a lot of work, but its done with good friends and laughter. It's sharing in frustration, sometimes. It's learning to be together. It's eating raw bread dough with someone you've known for half of your lifetime. It's happiness. It's fun. It's just working and playing.

To Bill
 I think you are

FACULTY — TEACHING AND LEARNING

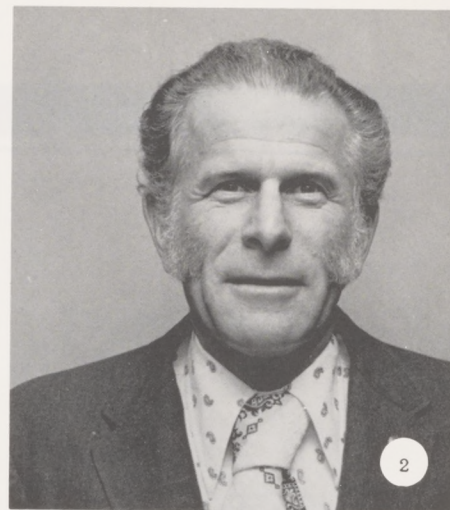

WHAT IS A TEACHER?

In Kindergarten, maybe up until sixth grade, a teacher is a horrible monster, instilling fright and terror, carrying instruments of pain (such as "the paddle" and "yelling fits"), giving detention after school, swinging a ruler or yardstick. These mythical nightmares slowly turn into equal adversaries that must be fought at any expense. Then in high school they change entirely, becoming friends that can be greeted on equal terms. They are armed with determination, chalk, a stack of papers, a desk and identity. Yes, they too are people with thoughts, feelings, and opinions. In this bicentennial year, the individual teachers speak up for themselves and tell us how they would wish to celebrate the 200th birthday of the U.S.A.

"The best way to celebrate our country's 200th birthday would be simply to become more aware of the progress or achievements we have enjoyed to the present day. A reflection of these achievements could be noted by such things as parades, bicentennial programs, and our own participation in the promotion of this birthday. It is certainly an achievement in itself for our country to have survived for 200 years."
9th Reading / English

3. Mrs. Barbara Doyle

"First, is a way I feel we should not celebrate it. We should starve out the ever more evident commercialism by refusing to buy products and by boycotting services which opportunistically seek to serve themselves by tying their unrelated enterprises to the Bi-Centennial."

"Second, it would be the finest 200th birthday present for our country if every community in the United States was to plan and carry out a bi-centennial project, according to its size and means - a new tree planted, a new wing for the library, the preservation of an historical monument, a flagpole for the city hall or square, a therapy room for the hospital."

"Third, I rather like the idea someone proposed, that on July 4, 1976, a human chain be formed, stretching from coast to coast, holding hands from the Atlantic to the Pacific. A bit impractical, I'm afraid, considering the Rockies and the desert - but what a magnificent idea, to draw together our troubled people by real human contact over three thousand miles! 'From sea to shining sea . . .'"

"Celebrating our country's 200th birthday would be a major undertaking, if all citizens were to be involved. The way to reach all people and portray a feeling of spirit and heritage is through the media, such as television. 5. Mrs. Catherine Wood

"I think there should be several levels to the celebration of our bicentennial - first, I think the celebration should be an education of today's Americans to the ideals and spirit of the founders of our country. The celebration should be an INSPIRATION AND RENEWAL to our present generations spirit and standards. Finally, somewhere in the year - logically the 4th - small groups - such as family or friends - should plan an outing or get together doing what they personally enjoy that will be remembered as purely a pleasurable experience."

Art I, II, III, Design Crafts

6. Mrs. Cecilia Zerwekh

"Bicentennial-1976 is a good time to think about our own personal contributions to the quality of life in these United States. I believe we should all try to be the best U.S. citizen possible, and in this way, make all the struggles, privations of Americans during our Revolutionary Period, worth their efforts."

English I, Introduction to Social Studies, International Relations

7. Mrs. Terrill Levinson Wickham

"The best way we can celebrate the bicentennial is to become more involved in our country - to become aware of our country's contemporary problems and to do something about them. Our fore fathers did not forge this country by celebration - but through thoughtful action. We need to educate ourselves in our country's heritage and to carefully, yet bravely, make our own mark on the heritage of the future."

ROP Child Development

8. Mr. Louis Thorpe

"On each of our 'coins' is a statement 'In God We Trust!' This was placed there because our founding fathers believed that to survive as a nation, we would need to do just that. We will celebrate our 200th birthday as a nation next July 4th. No other nation has survived longer than this. I believe that if we are to survive much longer as a nation, we will have to follow the advice, as a nation, that is printed on our coins. I think we could begin this by celebrating July 4th with a national Day of Prayer, thanking God for His mercy in allowing us to survive this long as a nation."

Chemistry, Physics, General Science

9. Mr. Bruce Tillman

"The best way to celebrate our country's 200th birthday is by realizing what your country means to you, personally. Once you can understand what a 'country' is, what it means, then you can make intelligent decisions on what direction our country should be going. Everybody should then take an interest in elections, because they are a powerful means of controlling our country's direction. I would like to see 100% turnout at all elections in 1976!"

BUYING AND SELLING

WHAT ARE ADS?

They're a yearbook's backbone. They're the community businesses that keep things flowing smoothly. They are people who aren't apathetic. To keep a business going takes patience and work. To help a yearbook out takes community pride. Businesses like Wheel Inn and Redlands Federal that can put down money not just for good advertisement space shows public spirit that some people say no longer exists. But it does! We of the Banning High School Annual Staff would like to give deep thanks to those businesses that are presented here. Thanks! All this is good for the community. It's public pride. It isn't just buying and selling.

Today being March 10, 1976, the day before the last yearbook deadline, I have become somewhat lethargic in my role as Editor. A lot has come and gone since the beginning of the year. People have come and gone. Hopefully, as memories become more important, this yearbook can bring to you good memories and make you good memories and make you laugh and remember what it was like when you were in high school, I owe thanks and a pat on the back of Mr. Curtis for all of the free football and basketball games I enjoyed, to Mrs. Campbell for the innumerable phone calls, to Pat for always letting me out of class (when necessary), to Mr. Wolf for his great support, to Toots for keeping my mind open, to Kenny Rhodes for trying to start a fight with me; but I owe my greatest thanks to the students at B.H.S. just for being here and being great models (Roger Kerr types) for my photographs. This is your book. I hope you're in it somewhere. It's my best try to bare my soul

To show all of the holes and patches.
Go ahead and step on it.
Give it a kick and a Ha-Ha
It'll make it tough.

To Jill

The only reason I'm signing
your yearbook is because
now you will be able to say
that you were a friend of the
Editor. Goodbye, Goodluck
be smart and grow up.

Vivian

Jill,
To a super nice
person that I'm glad
I know as a friend. Hope
to see you around next year.
Your friend,
Nan

Jill

SHARI

To Jill, Have a good summer
and I hope to see you
next year. Steve Jim

To Jill,
good luck
next year
and the years
to come.
Jike

Jill,
It's really been fun
being in Spanish 7 with
you & your a special person
with a special ability. The
ability to make people smile.
Use it well, cuz it's a good
thing to have. Good Luck!

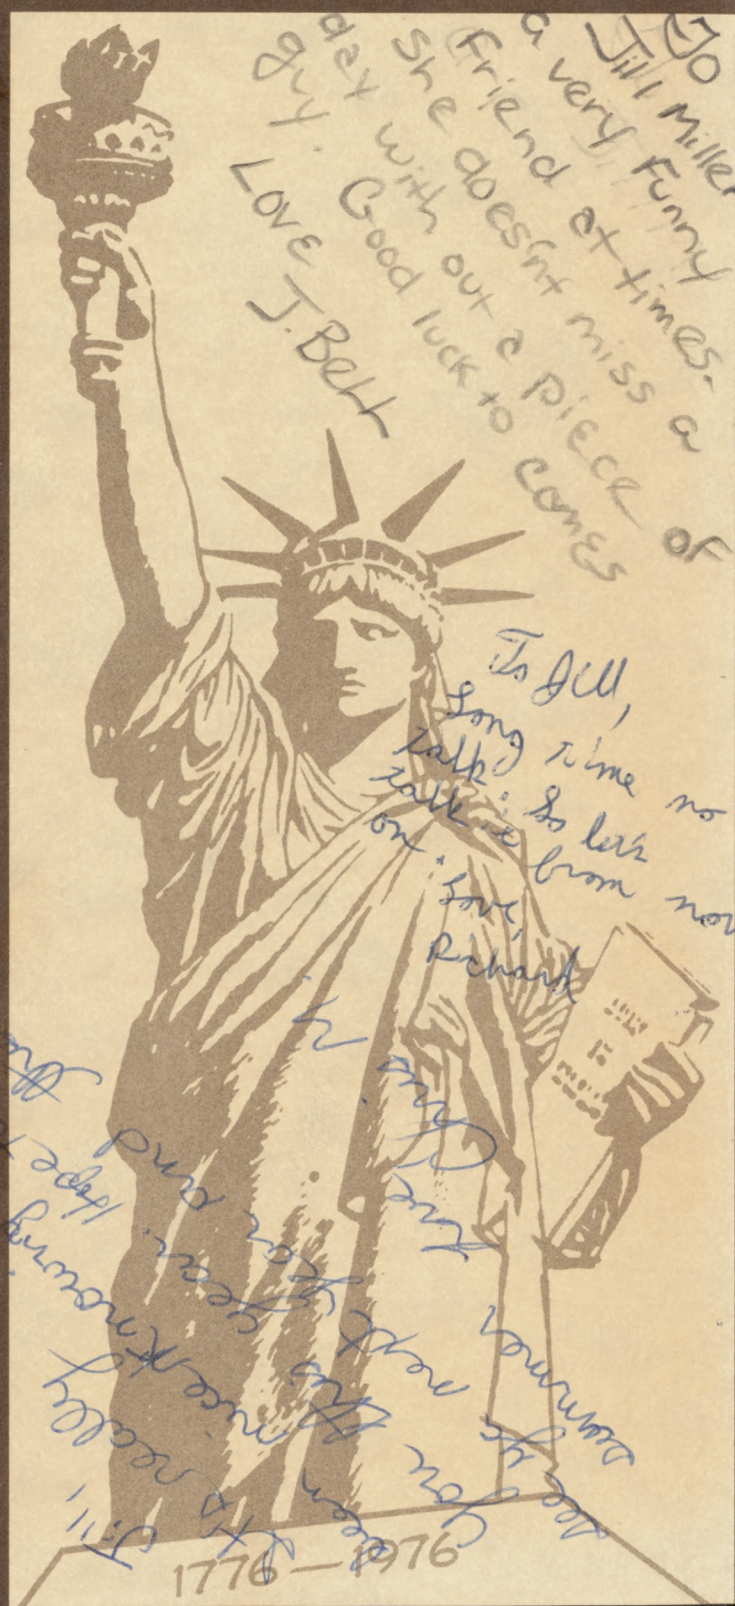

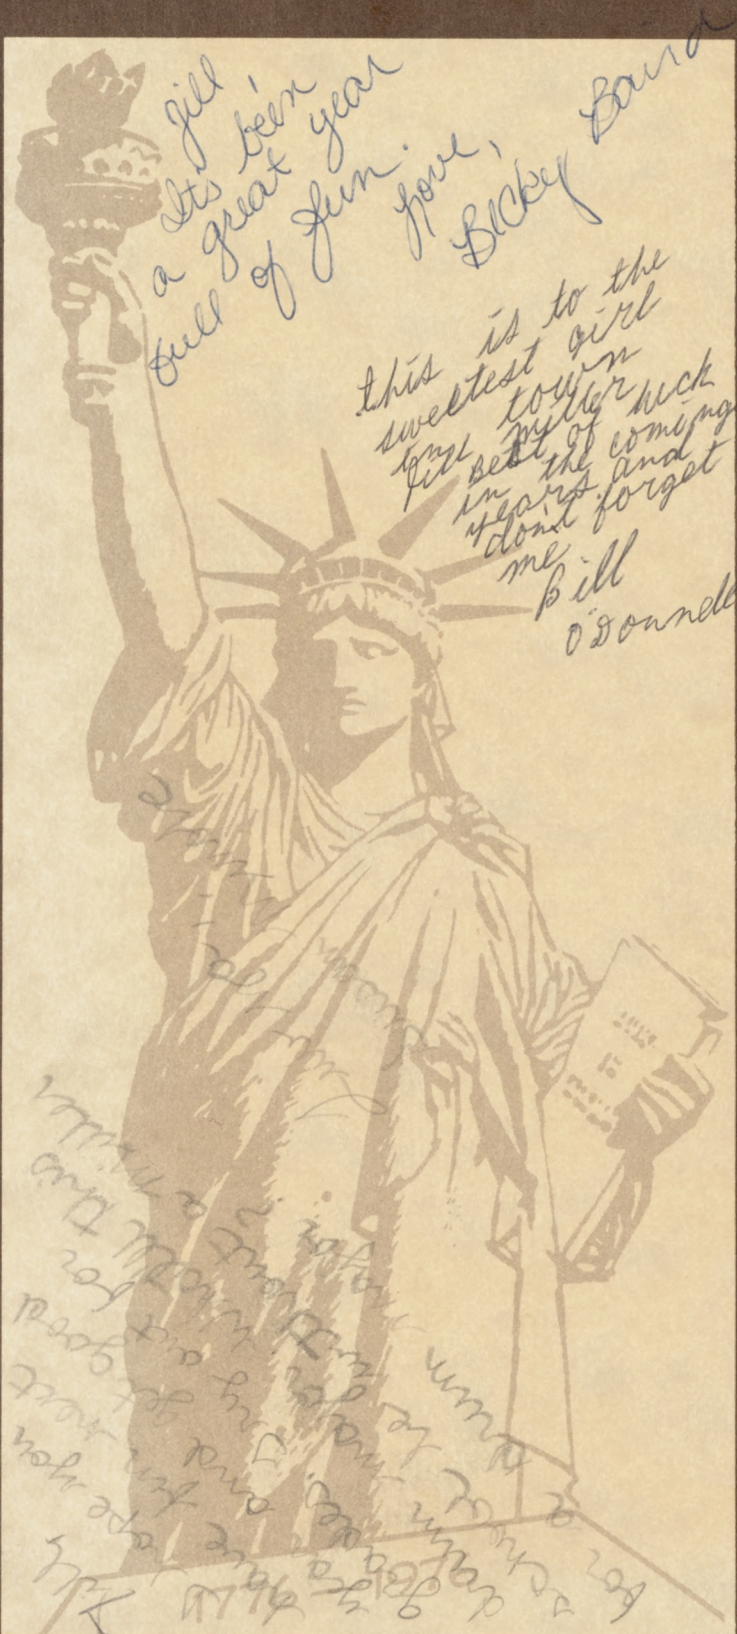

Smiles & Sunshine,
Janice White

Good luck next year and the years to come.

LOVE CRAZY AND A LOT. Don't yell so much and you'll have it made!
